

Wish Reports First-Quarter 2023 Financial Results

May 4, 2023

SAN FRANCISCO, May 04, 2023 (GLOBE NEWSWIRE) -- ContextLogic Inc. (d/b/a Wish) (Nasdaq: WISH), one of the largest mobile ecommerce platforms, today reported its financial results for the quarter ended March 31, 2023.

First-Quarter Fiscal 2023 Financial Highlights

- **Revenues:** Revenues were \$96 million, a decrease of 49% YoY
 - Core Marketplace revenues were \$28 million, down 69% YoY
 - Product Boost revenues were \$8 million, down 43% YoY
 - Logistics revenues were \$60 million, down 29% YoY
- **Net Loss:** Net loss was \$89 million, compared to a net loss of \$60 million in the first quarter of fiscal 2022
 - Net loss per share was \$3.83, compared to a net loss of \$2.72 per share in the first quarter of fiscal 2022
- **Adjusted EBITDA:** Adjusted EBITDA⁽¹⁾ was a loss of \$62 million, compared to a loss of \$40 million in the first quarter of fiscal 2022
- **Cash Flow:** Cash flows from operating activities were negative \$92 million
 - Free Cash Flow⁽¹⁾ was negative \$92 million, compared to negative \$148 million in the first quarter of fiscal 2022

"Revenue declined by 49% year-over-year, driven by the unfavorable impact from the pricing changes implemented by the end of the second quarter of 2022, combined with our lower advertising spend in the quarter. On the bottom line, net loss was \$89 million, and adjusted EBITDA was a loss of \$62 million, which was significantly above the midpoint of the guidance range. The better-than-expected adjusted EBITDA result was attributable to the significant improvements in our unit economics, coupled with the disciplined approach to our spending throughout the quarter," said Joe Yan, Wish CEO. "Our turnaround remains on track, as we continue to make progress in our key strategic initiatives, specifically our conversion rates, buyer retention and customer satisfaction. The path towards growth is clear and we remain energized by the opportunities that lie ahead.

"Building on the vision we have about the future of our business, our Board last month authorized a \$50 million share repurchase program. We believe this share repurchase program will support our efforts to unlock the long-term value and opportunity we see ahead," concluded Mr. Yan.

Second Quarter Fiscal 2023 Financial Guidance

- **Revenue:** Revenue is expected to be in the range of \$91 million to \$102 million.
- **Adjusted EBITDA:** Adjusted EBITDA⁽²⁾ is expected to be a loss in the range of \$60 million to \$75 million.

(1) Indicates non-GAAP metric. See below for more information regarding our presentation of non-GAAP metrics in the section titled: "Use of Non-GAAP Financial Measures."

(2) Wish has not provided a quantitative reconciliation of forecasted Adjusted EBITDA to forecasted GAAP net income (loss) for Adjusted EBITDA within this release because the company is unable, without making unreasonable efforts, to calculate certain reconciling items with confidence. These items include, but are not limited to stock-based compensation and income taxes which are directly impacted by unpredictable fluctuations in the market price of the company's Class A common stock.

Use of Non-GAAP Financial Measures

We provide Adjusted EBITDA, a non-GAAP financial measure that represents our loss before interest and other income, net (which includes foreign exchange gain or loss and other non-operating income and expenses), income tax expense, and depreciation and amortization, adjusted to eliminate stock-based compensation expense, lease termination and impairment related expenses, restructuring and other discrete charges, and to add back certain recurring items. Additionally, we provide Adjusted EBITDA Margin, a non-GAAP financial measure that represents Adjusted EBITDA Margin divided by revenue. The reconciliation between historical GAAP and non-GAAP results of operations is provided below. Our management uses Adjusted EBITDA and Adjusted EBITDA Margin in conjunction with GAAP and other operating performance measures as part of its overall assessment of the company's performance for planning purposes, including the preparation of its annual operating budget, to evaluate the effectiveness of its business strategies and to communicate with its board of directors concerning its financial performance. Adjusted EBITDA and Adjusted EBITDA Margin should not be considered as an alternative financial measure to net loss and net loss as a percentage of revenue, which, respectively, are the most directly comparable financial measures calculated in accordance with GAAP, or any other measure of financial performance calculated in accordance with GAAP. We also provide Free Cash Flow, a non-U.S. GAAP financial measure that represents net cash used in operating activities less purchases of property and equipment. We believe that Free Cash Flow is an important measure since we use third parties to host our services and therefore we do not incur significant capital expenditures to support revenue generating activities. The reconciliation between net cash used in operating activities and Free Cash Flow is provided below. Free Cash Flow has limitations as an analytical measure, and you should not consider it in isolation or as a substitute for analysis of our net cash used in operating activities, which is the most directly comparable financial measure calculated in accordance with GAAP, or any other measure of financial performance calculated in accordance with GAAP.

Forward-Looking Statements

This news release contains forward-looking statements within the meaning of the Safe Harbor provisions of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact could be deemed forward-looking, including, but not limited to, statements regarding Wish's outlook including expectations with respect to revenues, adjusted EBITDA, expectations regarding new business strategies, and ability to capitalize on opportunities, and other quotes of management. In some cases, forward-looking statements can be identified by terms such as "anticipates," "believes," "could," "estimates," "expects," "foresees," "forecasts," "guidance," "intends" "goals," "may," "might," "outlook," "plans," "potential," "predicts," "projects," "seeks," "should," "targets," "will," "would" or similar expressions and the negatives of those terms. These forward-looking statements are subject to risks, uncertainties, and assumptions. If the risks materialize or assumptions prove incorrect, actual results could differ materially from the results implied by these forward-looking statements. Risks include, but are not limited to: our ability to acquire new users and engage existing users; our ability to promote, maintain, and protect our brand and reputation and offer a compelling user experience; the effectiveness of our CEO transition; the continued services of members of our senior management team; our ability to offer and promote our app on the Apple App Store and the Google Play Store; the risk of merchants on our platform using unethical or illegal business practices or if our policies and practices with respect to such sales are perceived or found to be inadequate; the success of our execution on new business strategies; competition in our market and industry; the ongoing COVID-19 pandemic; global conflicts, including the Russian invasion of Ukraine; economic tension between the United

States and China; supply chain issues; increasing requirements on collection of sales and value added taxes; significant disruption in service on our platform or in our computer systems; litigation matters; general economic conditions, including the impact of inflation, higher interest rates, and potential economic downturns; and material weaknesses in our internal control over financial reporting and the effectiveness of our internal controls generally. New risks emerge from time to time. It is not possible for our management to predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements we may make. Further information on these and additional risks that could affect Wish's results is included in its filings with the Securities and Exchange Commission ("SEC"), including its most recent Annual Report on Form 10-K and Quarterly Report on Form 10-Q, and future reports that Wish may file with the SEC from time to time, which could cause actual results to vary from expectations. Any forward-looking statement made by Wish in this news release speaks only as of the day on which Wish makes it. Wish assumes no obligation to, and does not currently intend to, update any such forward-looking statements after the date of this release.

The unaudited financial results in this news release are estimates based on information currently available to Wish. While Wish believes these estimates are meaningful, they could differ from the actual amounts that the company ultimately reports in its Quarterly Report on Form 10-Q for the three months ended March 31, 2023. Wish assumes no obligation and does not intend to update these estimates prior to filing its Quarterly Report on Form 10-Q for the three months ended March 31, 2023.
